Champagne Laurent-Perrier is one of the most esteemed and innovative champagne houses in the world. Founded in 1812, this family-owned house has consistently set the standard for excellence with its refined, distinctive style, emphasizing freshness, finesse, and complexity.

Champagne Deutz - "Elegance and quality crafted through generations of savoir-faire"

Champagne
DEUTZ
AY- FRANCE

Founded in 1838 by William Deutz and Pierre-Hubert Geldermann, Champagne Deutz has been known worldwide for its quality.

Today, Deutz upholds the traditions of fine champagne-making handed down through five generations. Owning a significant portion of its own vineyards, Deutz selects only top quality grapes from 275 acres of vineyards in the finest crus of Champagne.

Champagne Drappier - "Where centuries of history meet the vibrant essence of nature in every bottle"

DRAPPIER
MAISON FAMILIALE DEPUIS 1808
URVILLE - FRANCE

The history of the walls today inhabited by the DRAPPIER Family goes back to the 12th century when Saint Bernard had an annex to Clairvaux Abbey built in Urville.

The vineyard which today surrounds these Cistercian cellars is the pride of our House. Cultivated in a way that is as natural as possible, the vineyard gives life to grapes rich in complex aromas, which allows the making of Champagnes with well established characteristics housed in exceptional bottles.

Sturia - A production in the respect of tradition

Sturia is the flagship brand of France's leading caviar producer, Sturgeon. A pioneer in sturgeon breeding in France, the company, created 20 years ago near Bordeaux, produces about 12 tonnes of caviar each year and sells it worldwide.

From fishing to marketing, Sturia caviar is carefully selected, grain by grain, and tasted at each stage of the production process. In this way, Sturgeon contributes to the international influence of French gastronomy.

Kaviari – Aterlier caviar factory

Located in the heart of Paris, Kaviari is one of the most prestigious and traditional names within Caviar. More than 40 years of experience, expertise and know-how. Caviar is served at most of the three-star Michelin restaurants in France.

Kaviari was one of the first caviar house to turn to farm-raised caviar to prevent wild fishing and a global sturgeon extinction. Respect of the fish natural cycle and the purity of the water... Kaviari is working really hard to become a true sustainable brand, mindful and respectful of the Nature it owes everything to.

Giaveri - The Russian tradition of Caviar meets Italian excellence

Caviar Giaveri is a name that connoisseurs increasingly consider synonymous with extra fine caviar. The real secret is simple: just as the quality of champagne begins in the vineyard, so the wellbeing of sturgeons determines the quality of caviar. Care and attention dedicated over the years take their sturgeons to maturity. Caviar Giaveri is the true expression of a forty year passion for excellence in fish farming. It is authentic and genuine, part of the Italian gastronomic culture that has discovered in this Russian tradition knowledge and folklore rich in history and devotion.
